Southwest Baptist Church
1300 SW 54th Street
Oklahoma City, OK 73119

August, 2010

In July we have Gladson, to report saved. This young husband and dad got saved at my birthday party on July 8th. We also held a family conference from July 24 - August 1. We don't preach "on the family", we get people to *bring their families* and we preach salvation messages every night for nine nights, Saturday thru the next Sunday, and 2 Sunday mornings. We had seven saved. This year we had 6 different preachers, including myself. We had attendances of 65, 80, 78, 54, 53, 73, 74, 78, 100+, 45, 44, and 42. Our attendance really dropped when one of our young people, Cristiano, 18, drowned on the second Saturday afternoon in the river. That same Saturday night, there was a "community wedding" of 65 couples getting married at the same time. In a small town like this, nearly everyone in town went to *somebody's wedding!* That took almost everyone out of church! But, of the 45 who came, 3 got saved! Then, Sunday morning Cristiano's body was found in the river and finally arrived at the church for the wake about 6PM on Sunday night. I preached to a 100+ crowd that evening and one adult man was saved. Then, we buried him on Monday at 8AM. The law is here, that burials must take place within 24 hours of the death. Through all this 9 day conference and funeral, we had 7 saved. Six were saved at the regular meetings, and one Sunday night at the wake.

We have a baptismal service scheduled for Sunday morning. There were several couples married who had received Jesus as Savior in our services, and we hope to baptize them. Sunday is our last day here in Brazil before we leave for furlough.

We leave on August 11. **PLEASE, remember that we are furloughing, we will be in the US until the end of 2011. If we can serve you at any way during this time, or if you would have us to report please let us know. The phone number at the top of the page is a permanent phone number. Please leave me a message if I don't answer. I check my email regularly also.**

The Brazilian Indian missionary furlough" after 6 years. He was blessing he was while he was churches that are now being a headwaters of the Amazon own people. I found out that has been building a 42 feet river "savage" Indian tribes out of the for personal support! He almost help him with a motor, which

out of our church was here "on not able to bring his family, but what a here. He also got into some other blessing to his ministry in the River along the Rio Negro among his through faith, for the last 8 years he boat that will help him get into \$580 dollars that he receives monthly has the boat finished, and we hope to will really be the expensive part.

Thank you for your faithfulness in God's ministry here.

Thank you for \$100.00 in July

Tom & Cindy Brewer
