

Mike and Debbie Lane,

missionaries to

HONDURAS

November 2011

Greetings beloved co-labourers,

Well it has been another one of those years...full of opportunity and challenges, hard work and blessings. Paul said it best in I Cor. 16:9, "For a great door and effectual is opened unto me, AND there are many adversaries." They seem to always go together, don't they?...open doors and adversaries. Satan always tries to block, camouflage, and distract us from taking advantage of the open doors of opportunity that God makes available. But my God is ABLE!!!

Most of you know that the night before we were scheduled to depart for Honduras in January, Deb's father had a heart attack, so I she stayed and I went back home. We nearly lost him, but a delicate surgery and a long recuperation finally brought him home, but now he is back in a skilled nursing facility. While here in the states Debbie has been able to address some long-standing health issues and is doing better also. Meanwhile, I was able to visit when a church brought me back for a conference in March. I visited some of our churches until the first of May. I had another mission conference in the middle of September and also it was time for my cancer check-up so, I'm back visiting our supporting churches and a few new ones. As most missionaries, we've lost some support as a few churches have had to cut back. Thank God for 3 new churches that have taken us on! I also received a better Cancer check-up report this year than last, which was a good one! Praise God!

In Honduras, we've completed a 2 classroom and bathroom addition on our church in the mountains in the Lenca Indian reserve (Calvary Baptist in Ojo de Agua). In July we put up the walls and roof of a church building in Naranjito with the help of Pastor Jim Callen and his church, Eastern Ave. Baptist., St. Cloud, Fla. What a great blessing this hard working church has been to the work in Honduras! We are currently trying to plaster the walls and lay the floor, weather permitting. Then, thank God, we've been able to put the roof on the two 25 x85 side additions at our church in La Esperanza (our home). We've waited several years to be able to do this. Now we can finish out classrooms on one side and the multi-purpose assembly and kitchen on the other side, allowing more ministry in the days ahead! Also, we are buying land for the work in Quebrada de Lajas. I still owe several thousand for this land.

All this building plus the purchase of a small bus-van and bringing our donated F450 to Honduras, paying transportation, import taxes, and MANY repairs on ALL our vehicles has really drained our funds. We can see the bottom of the barrel and yet there is still SO MUCH TO DO! Dear co-labourers, if there is anything you can do extra now, it would be really appreciated! Special thanks to Pleasantview Baptist, Arlington, TX, for a gift of \$1,000 for vehicle needs and their visit in August, and the VBS and Adult S.S. Class of Aurora Baptist, Aurora, TX, who gave another \$1,000. God bless you all for your expressions of love and your investment in Honduras. We love working together with EACH of you to reach the REGIONS BEYOND!

Loving Serving Him,

Mike and Debbie Lane
