### **Attendance:**

We averaged 41 last month, with a high of 49! - Praise God!

January 2012

Dear Pastors, Churches & friends! ,

### **God used lambs to help His sheep find greener pastures. . :**

1. Over 15 years ago, while in Black Mesa, we were privileged to lead a mother & 2 of her children to the Lord. Her sons name was Bryan. While faithful for a while, they returned to their roots of Navajo tradition...which is sadly typical! Last week Bryan (25) died a horrible death while being robbed in his own home! I officiated Bryan's funeral just a few days ago. The experience was bitter/sweet on many levels. - "Bitter" that so many years had been wasted from God..."Sweet" that Bryan is in heaven & that his mother rededicated her life to God!

2. On a bit more lighter note, a young woman that had been faithful to attend our church here in Phoenix, quit coming for over 2 years. Yet, she returned this week w/ a husband & a baby. - \*(Their 1st child!) During prayer request time they said, "We want to draw closer to God.". Though I was careful not to show it, I had to chuckle inside a little bit. All cultural distinctions aside, the daunting task of raising children has a way of predictably driving parents to answers! Either way, we are thrilled that they have chosen to follow greener pastures for their answers!

### **Sunday School Leadership Training:**

Just 2 weeks ago we hosted a training seminar for Sunday school teachers. We had 31 students representing 5 churches attend the all day workshop. We were particularly glad to have 5 students from Dine' Baptist Church! The topics covered were: How to prepare a Sunday school lesson; Teaching techniques; How to make teaching visuals; Music for a Sunday School Class; and Teaching Resources. It is our prayer that God would use this to raise up equipped Navajo Christian leaders.

Thanks for spreading the Gospel with us!,
