Dear Bro. McCormick and Church:

*"You don't recognize me, do you?" asked a lady of one of our men.
"No, I'm sorry. Should I know you?" he questioned.
"No, but I recognize you. I have passed you on the street three or
four times, and you always handed me a tract and invited me to
this church. I came today and I received Christ."*

This was one of the wonderful highlights of our church anniversary August 1st.
We had record crowds in both our Saturday congregation and our Sunday
congregation. *We had a total of 110 visitors and 63 received Christ as Saviour.* It was a
time of rejoicing for all of us and has inspired all of us anew and given us an even
greater vision of what God can do.

*We always expect wonderful things from God and He never disappoints us. During
the month of July we had 23 saved, 3 baptized and 7 transferred their membership to the
church.* Many of these people also came because they were given tracts and invited to
come to church by one of our members. It is exciting to us to see many of our newer
believers also getting involved in bringing others to church and giving out tracts. Please
pray with us that more of those we win to Christ will follow Him in baptism. This is a
very difficult step for most of them.

*We are always moved by your love expressed in to us by your prayers and support.
Each month we have renewed strength because of your faithfulness.* Thank you for being
a part of our ministry and the great things God is doing here. We know we can be here
in this ministry because He uses you to help make that possible.

Love in Christ,

Don Stone
