# Ministry Update

## August -September 2010

Thank you very for praying for Heather and Andrew. They are both finally home and doing great. After three months in the hospital, and a lot of driving back and forth, we now officially have our entire family back together! Praise the Lord! Andrew was born two months early and weighed 4 pounds 11 ounces. He progressed really quickly, the doctors said, and is now healthy and growing. We want to thank you so much for taking the time pray and send cards and notes. It really made a difference. We ask the you continue to pray for them both. In the next several weeks we will be heading to the doctor to proceed with Heather's cancer that has grown in her neck. We know the Lord has everything under control and are praying for His will exactly.

We are very busy on the ranch. The Lord gave us a wonderful summer and we saw major growth in the young men here. Its just great to watch God work in the lives of these young men. This summer was filled with summers camps, horse trips, helping start a church in Aberdeen, helping our widows and a lot of work on the ranch. We like to keep the young men very busy. Its good for them!

### Prayer request and needs

- We really need churches to take us on for support. It gets really expensive feeding and running the ranch. Please pray about that with us.
- Also, we use horses as one of our tools to help the young men, and horses have to eat. Winter is coming and right now is a great time to buy hay and store up. We need \$3000 to purchase hay that will get us through the winter and into next year. Come October hay prices will be too high to purchase hay. Please consider a one time offering to help buy hay.

We thank you for your support and prayers,
